PROMOTE HAND HYGIENE WITH A CREATIVE SPIN

A customized dispenser is an eye-catcher in any public indoor environment.

Whether you want to encourage better hygiene, send a message, or add your logo, the dispenser is only successful if it is used.

Spice up with colors

Dispensers and stands can be customized in your brand colors to fit into your surroundings.

A wide range of our stands and dispensers are available in any RAL color and gloss.

We believe the demand and expectation for hand sanitizer will be here for the long term.

To enhance guest experience and to handle the many uses within a day in a busy store, business, or visitor attraction it is therefore paramount to choose aesthetic and durable products.
